Goochland County  
P. O. Box 10  
Goochland, VA 23063

Dear Chairman Eads and Members of the Board

RE: PUBLIC HEARINGS FOR AUGUST 1, 2006

I apologize that my schedule prevents my joining you this evening. Please accept these comments as part of the public record on the setback and fire suppression standards issues that are before you tonight.

We strongly support the proposed setback changes as recommended by the Planning Commission. We applaud staff for bringing this issue forward, and we urge your support for the proposal before you.

With regard to the proposed fire suppression standards, we would state for the record our concern about any governmental action that adds to the cost of a new home. With that stated, we supported the changes that were made at the Planning Commission level that put the proposal in its current posture, and in that spirit, we offer no objection to the proposal before you.

As always, we appreciate the opportunity to comment on matters that affect the housing industry. Please do not hesitate to contact me if I may be of assistance to you.

Sincerely

A handwritten signature in black ink that reads "Tyler Craddock".

Tyler Craddock  
Director of Public & Government Affairs
