

Membership Application
Home Building Association of Richmond
High Performance Home Committee

No dues required for membership committee-just commitment to the focus of the council. The High Performance Home Task Force meets every other Wednesday at 8:00 a.m. at HBAR headquarters. The High Performance Home Task Force understands the importance of environmentally friendly building practices. The task force was designed to educate appraisers, realtors and the buying public of the value of a high performance home and to increase the number of high performance homes that are being delivered.
